----------------	------------------------------------	--

At PVPC we believe that the best way for Christians to grow in their faith is through life-on-life relationships in small groups that focus on prayer, Bible study, and fellowship. God intended for us to experience life together - to enjoy the fellowship of those around us in meaningful ways that include loving, serving, sharing, providing comfort and understanding. These relationships provide the accountability and security needed to grow towards maturity in Christ.

That is why small groups are so important to us at PVPC, and why we encourage you to join one.

For more information, please contact the leaders listed or Cherie at Clee@pvpc.com or Beth at Bbark@pvpc.com
